

OVERVIEW

The CC2DPMMKVM10 10 ft DisplayPort cable enables you to connect two DisplayPort video cards (or other DisplayPort output devices) to displays that incorporates DisplayPort technology. The cable supports bi-directional operation that also allows the reverse configuration, delivering digital video from an DisplayPort-enabled output to a DisplayPort capable display.

A valuable addition to any digital signage, multimedia or home theater application, this high performance cable is designed to provide the best quality picture available through DisplayPort digital connections.

10 ft KVM USB Dual DisplayPort Cable with Audio
