

OVERVIEW

The CCDPMMKVM06 6 ft DisplayPort cable enables you to connect a DisplayPort video card (or other DisplayPort output device) to a display that incorporates DisplayPort technology. The cable supports bi-directional operation that also allows the reverse configuration, delivering digital video from an DisplayPort-enabled output to a DisplayPort capable display.

A valuable addition to any digital signage, multimedia or home theater application, this high performance cable is designed to provide the best quality picture available through DisplayPort digital connections.

6 ft KVM USB DisplayPort Cable with Audio
