

OVERVIEW

The CCDVMMKVM10 10 ft DVI-D cable enables you to connect a DVI-D video card (or other DVI-D output device) to a display that incorporates DVI-D technology. The cable supports bi-directional operation that also allows the reverse configuration, delivering digital video from an DVI-D-enabled output to a DVI-D capable display.

A valuable addition to any digital signage, multimedia or home theater application, this high performance cable is designed to provide the best quality picture available through DVI-D digital connections.

10 ft KVM USB Dual Link DVI Cable with Audio
